Average Dressed Weight in Lbs	
Final Cost Per lb.	

**Processing:**

- Cornish cross processed at 7 weeks and dress out on average around 4.5-5lbs
- Rainbow Rangers- processed at 10 weeks and dress out on average around 4.5-5lbs
- Black Rangers- processed at 13 weeks and dress out on average around 4.5-5lbs

Feed Recommendations: Meyer Hatchery recommends feeding your baby chicks 12 hours ON and 12 hours OFF starting at 3 weeks of age. This helps minimize the risk of heart and leg issues that can come with too rapid of growth.
